

ROOFTOP SOLAR EXPO

05 06 07 JUNE, 2024

India Expo Centre,
Greater Noida, U.P., India

FOCUS AREAS

Solar Rooftop Panel

Wires and Cables

Govt. Agencies

Solar Modules

Floating Solar

Solar Pumps

Inverters

Batteries

Organizers

Knowledge Partner

Association Support

ABOUT EXPO

Rooftop Solar Expo 2024 is a platform to provide business opportunity to Solar Panel Manufacturers, Importers, Traders, Solar products and Allied Industry professional , Technology and Installation systems to showcase latest technology and equipment at this platform in India the event will attract thousands of visitors from the industry and urban -rural residents which will help to grow the business fastly and also brand building within the general public.

INDUSTRY OVERVIEW

The Indian rooftop solar market is estimated to be at 18,845 MW by the end of 2024. It is projected to reach 41,778 MW by 2028, registering a CAGR of over 22.99% during the forecast period. Over the long term, factors such as increasing demand in the commercial and industrial sectors and government emphasis on renewable energy integration are expected to be significant drivers for the market. On the other hand, slow-paced installation of rooftop projects may likely restrain the growth of the Indian rooftop solar market over the coming years.

Nevertheless, the untapped solar potential and focus on increasing decentralization would enable residential and industrial customers to rely less on central grids, which is seen as an opportunity during the forecast period. Due to the rise of industrial activity in India, industry power demand may increase. As a result, rooftop solar installations would be robust options for enterprises to become self-reliant, which is expected to expand the rooftop solar market in India. States such as Gujarat, Haryana, Rajasthan, Uttar Pradesh and Maharashtra exhibit attractiveness for rooftop solar installations as they offer feasible policies for net metering and easy subsidy-related processes. This facilitates rooftop solar installation by consumers of the Industrial segment in a more accessible manner.

BENEFITS OF PARTICIPATION

- ◆ Meet high quality prospects and decision Makers.
- ◆ Brand Building opportunity among the industry
- ◆ Direct interaction with industry expert, leaders, and agencies
- ◆ Network with Industry professionals
- ◆ A platform to launch new products.
- ◆ Explore Joint venture & partnerships.

WHO SHOULD ATTEND

- Solar Water Heater Manufactures
- Solar Dryer
- Solar PV Panel Manufacturers/Dealers
- Solar Inverter Manufacturers/Dealers
- Solar Storage Solution Providers /Battery Manufacturers
- Solar BOS manufacturer/Suppliers
- Solar Street Light Manufacturers/Dealers
- Solar Pumping and Solar based Agricultural product Suppliers
- Solar Installers and Integrators
- Solar Park Developers
- Solar Project Financing Institutions and Investors
- Research Institutions and Universities
- Government Agencies
- Energy Consultants and Advisors
- Technology Providers/Software Solutions providers
- Industry Associations and Trade Media

ABOUT ORGANIZERS

GREEN SOCIETY OF INDIA (GSI)

Green Society of India (GSI) is a registered and non-profit organization under the societies registration act XXI of 1860 with its head office in New Delhi (India) and working for the environment protection with the aim to create environmental awareness and involved in research, investigative, educational work in the field of pollution, forest, wildlife, land & water use and various aspects of the environment.

INDIAN EXHIBITION SERVICES (IES)

Indian Exhibition Services (IES) is a leading Exhibition organizing company in India. That has been involved for the last several years in trade promotion activities like exhibitions, seminar & conferences, buyer seller meets in India and abroad. IES major initiatives are Sport India Expo, Fitness India, Rehab India Expo, Sport India Conference, Sports Goods Manufacturers Forum, Sport India Infrastructure Summit, Sport India Fashion Show, World Environment Expo, Greenovation – International Green Building Technology Expo, Biodegradable Expo, World Environment Conference, EV India Expo, E- Charge Forum, India Buildtech, Gas India Expo, NGV India Expo, World Gas Summit etc.

IES is engaged in national and international trade promotion and provide business platform to the corporates, industrialist, and small-scale industry to promote their products through the buyer seller meets & trade exhibitions with the aim to create a bridge between buyers and suppliers.
